### Infotext

For it's eighth release theres no other responsible than Oliver Schories, who did several releases on labels like „Ostwind Records“, „Parquet Recordings“ or „Musik Gewinnt Freunde“ (just to name a few), which attracted a lot of attention!

On his „Organ Freeway EP“ Oliver delivers a summer track which immeadiately puts you into good humor, no matter if heard in the morning to get up, in the clubs or especially on every upcoming open air party!

Just get on his „Organ Freeway“, there's no speed limit!

The B-side is somehow darker and moody, like the title „Treibsand“ promises you'll sink in layers of sounds, directed by the low-tuned piano, perfect addition to „Organ Freeway“!

All together a huge summertune which is going to be released on lovely 10“-vinyl!
